MESSAGE FROM [MUFTĪ] SUHAIL PATEL (HEAD TEACHER)

بسم الله الرحمن الرحيم

All praise be to Allāh, the Almighty, the Most High, and may peace & blessings be upon His beloved Nabī, Muhammad ﷺ.

As we welcome the dawn of a new year, we are greeted with the fresh beginnings and boundless opportunities that January brings. It marks the start of a new academic year, a time when we turn the page to a blank canvas, ready to inscribe it with the colours of knowledge, growth, and achievement.

With the commencement of the academic year, I urge all our students to approach their studies with renewed vigour and dedication. Let this be a year where every student strives to unleash their full potential, pushing the boundaries of their capabilities and achieving their personal best. Remember, success is not merely measured by grades but by the effort, determination, and resilience exhibited along the way.

Recently, our youth had the opportunity to participate in the Youth Halaqah Munch, with the enlightening topic centred around the Qur'an. This gathering provided a platform for our young minds to witness the dedication and efforts of the huffadh, serving as a source of inspiration and encouragement on their own journey to becoming hafidh. May this experience ignite a passion for the Qur'an within them, guiding them towards a deeper understanding and connection with the divine words of Allāh, Āmin

Wishing you all a year filled with growth, success, and blessings beyond measure.

Warm regards,
Headteacher

'RAISE YOUR CHILD FOR A TIME THAT'S NOT YOUR TIME'

(excerpt taken from one of Al Misbaah Academy's Webinar Series,
Keys To Successful Parenting delivered by Shaykh Hasan Ali)

You can see how much the world has changed from the time that you were maybe a child to the time right now. A massive change has happened in the world. And we are seeing a lot more changes happening not within decades, but now within the same year!

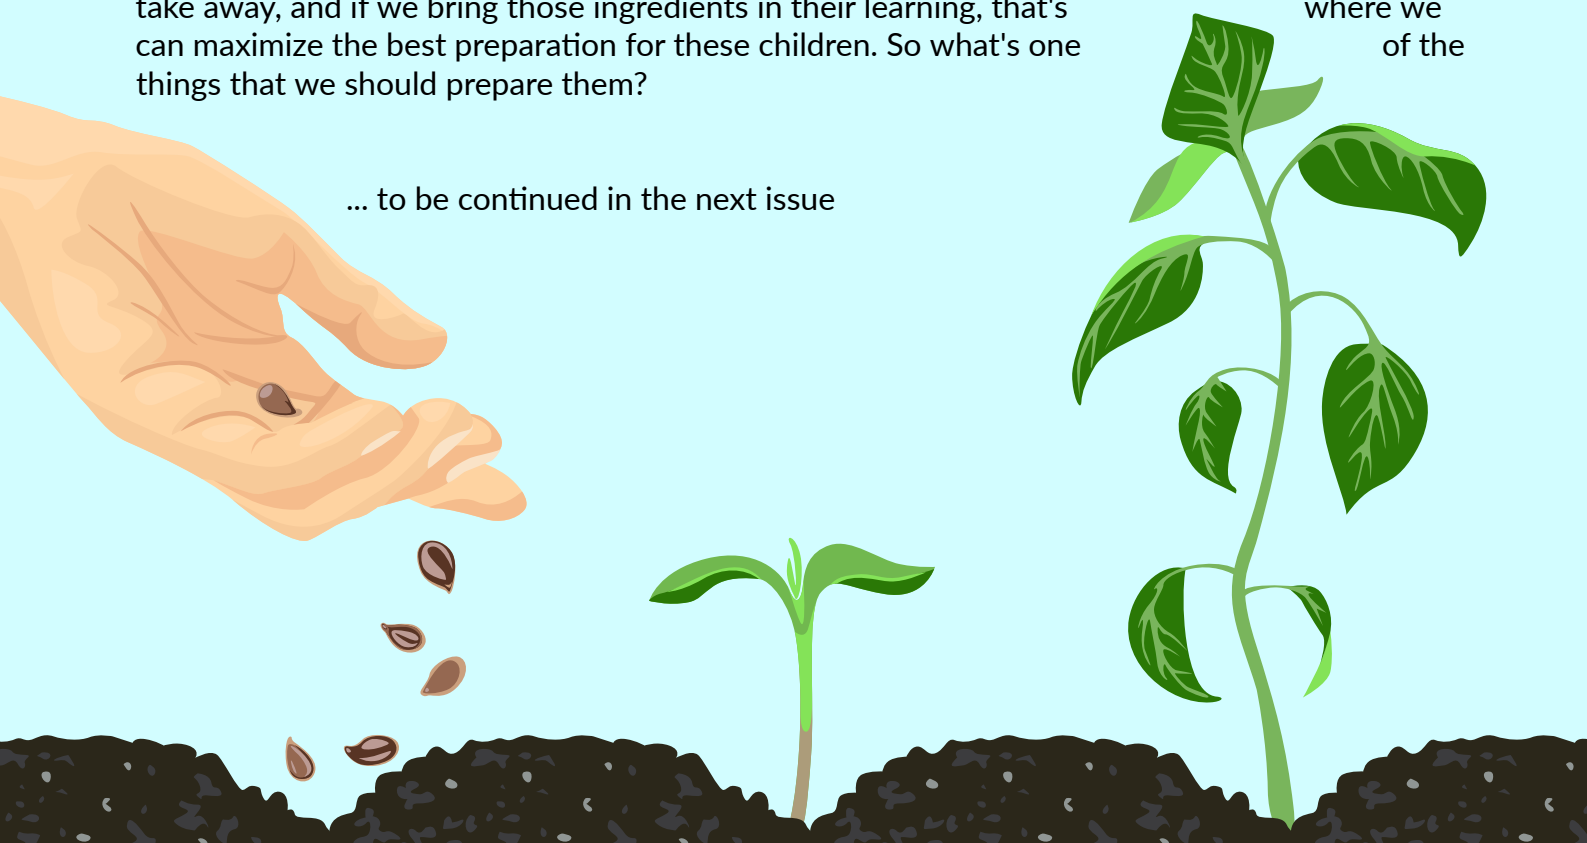

So it's even more important for us to look after our children and to give them the right things that they need for the future. Now, it's very important to mention one of the things that 'Alī ibn Abī Tālib رضي الله عنه mentioned. He said, 'Bring your children up for a time that is not your time.'

SubhānAllāh, there's a lot of wisdom in this.

Do their tarbiyyah or nurture them in a way, for a time that is not your time, which means that you're going to prepare them for a world which you never lived in. That's very important for us, because if you prepare them for, let's say for example, I grew up in the 70s and 80s. If I now prepare my children, the same as what I went through in the 70s and 80s and I prepare them for that, then it's going to be wrong! I'm going to get a lot of things wrong. 70s and 80s were very different from what we're seeing right now.

Even if I prepare them for today, if I prepare them for let's say 2021 or the 2020s, it's going to be wrong as well because this is not their time by the time they get to adulthood. They won't be in the 2020s anymore. They're going to be in the 2030s, the 2040s, right? So I've got to prepare them for that world. Now, how do I do that? So our religion has given us certain things that if we take away, and if we bring those ingredients in their learning, that's where we can maximize the best preparation for these children. So what's one of the things that we should prepare them?

MONTHLY YOUTH PROGRAMME

Alhamdulillah for our monthly youth programme, we hosted an engaging discussion regarding the journey of memorising the Qur'an. We held a live conversation between 3 huffādh in front of the audience of youngsters where they spoke about their challenges and motivations on this very noble path. A great turn out of youngsters, we hope it inspires many more to take up this great responsibility of preserving and protecting the Qur'an.

The poster features a green background with a subtle pattern of Arabic calligraphy. At the top left is a QR code with the text 'REGISTRATION REQUIRED' below it.
